

This sturdy, free standing, 6 gallon bin is an ideal recycling container for small spaces. Lightweight and space efficient, this bin has a slanted opening for easy access and a liquid retention reservoir to prevent residual liquids from making a mess. Using a unique patent pending design, this container stacks easily to create a multi-purpose recycling station that takes up little floor space. The evenly distributed stacking makes it completely balanced and stable.

Features:

- Stacks easily
- Easy to clean - dishwasher safe
- Slanted opening for easy access
- Optional wall brackets save floor space
- Fits well under sink
- Smooth edges and rounded corners
- Custom stamping available on 3 sides

Made with a minimum of 35% recycled content

Wall mount allows for easy storage

Holds 6 gallons of recyclables

Great for stacking, creating a recycling centre
