

After Ireland created a 15-cent charge per plastic bag in 2002, bag consumption dropped by 90%

single
Uptown™ 32 GALLON

MOVE YOUR RECYCLING PROGRAM UPTOWN

Your perfect choice for one stream collection outdoors! Whether it be recyclables or waste, this is the container you need. It's ideal for high-traffic areas and offers the best of the best when it comes to function and style. Rotationally molded for added durability, and lockable double-walled front door ensures that servicing this unit is a breeze for years to come. The Uptown consists of one 32 gallon liner, designed to fit inside the unit perfectly. Built-in deflectors ensure a clean sort, preventing cross-contamination, while the angled surface of the unit directs rain water away from the front of the container. This design also eliminates users from leaving material on top of the container, ensuring a clean surface.

FEATURES:

- Highly durable and will not rust or dent
- Openings can be customized to fit your program
- 1 easy to empty liner (32 gallons)
- Built-in lock for added security
- The slanted back prevents rainflow from entering unit
- Create a unique look with interchangeable doors (Call for details)
- Weighted base keeps unit stable and stationary

Optional labels available
