

# Smarter Recycling

## GLUTTON<sup>®</sup> RECYCLING STATION

Support your facility's recycling program, help reduce labor costs, and improve worker well-being with the Glutton<sup>®</sup> Recycling Station. This high-capacity, all-in-one centralized solution provides flexible configurations for efficient, cost-effective waste sortation.

### MULTIPLE STREAM SORTATION

Use any combination of the restrictive-opening tops to sort up to four separate waste streams. Tops snap securely into lid.

### FLEXIBLE LABELING

Includes separate color-coded symbol and word labels for customizing the Recycling Station based on facility needs.

### HIGH-CAPACITY COLLECTION

Improves productivity by reducing the frequency of trips to empty the filled containers. Holds up to 92 gallons of waste.

### DURABLE CONSTRUCTION

Features traditional Rubbermaid Commercial Products strength and durability in easy-to-clean, impact-resistant plastic.

### EASY TO EMPTY

Center hinge allows the lid to be opened from either side for easy access to waste. Eliminates the need to remove the lid during emptying and helps reduce worker strain and trip-and-fall hazards.

### STATION INCLUDES:

- 2 Glutton<sup>®</sup> 56 gallon containers
- 4 Slim Jirh<sup>®</sup> 23 gallon containers
- 1 hinged lid frame
- 8 restrictive-opening tops (4 circles, 2 paper slots, 1 square, 1 triangle)
- 1 label pack (symbol and word labels in English, French, and Spanish)
